Matt

Mike said you'd like some background on the HI T6 issue. Attached is the complaint filed last September on behalf of Native and other Hawaiians, and EPA's formal acceptance of the complaint for investigation in March. From the start and per agreement by Alexis and Debbie as the DCRO, Amy Miller has been the management lead on this. We immediately formed an in-house team here to work with ECRCO (current name for the former Civil Rights Office, now relocated from OECA to OGC), headed up by Amy and with assistance from myself and Deldi on the T6/EJ front, Desean Garnett from ORC and "subject matter" (ie pesticides) support from Kathy Taylor, Patty Tenbrook and Mary Grieser.

Many more details available if wanted, pls let me know if I should come by to talk.
